MARK	DATE	DESCRIPTION

BASIS OF BEARINGS:
The bearings shown on this plat are based on the Ohio State Plane Coordinate System, South Zone, NAD83 (1995). Said bearings originated from a field traverse which was tied (referenced) to said coordinate system by GPS observations and observations of selected NGS monuments AIRBORNE and AIRBORNE AZ MK. The portion of the right-of-way line of Airborne Road, having a bearing of North 38° 08' 03" East and monumented as shown hereon, is designated the "basis of bearing" for this survey.

SURVEY NOTE:
This survey was prepared using documents of record, prior plats of survey, and observed evidence located by an actual field survey.
