This trail was built as a partnership between the City, the County, Wilmington College and the Clinton County Trails Coalition. Built in honor of the State's Bicentennial (2003), it was laid out by trail advocate Lori Williams and designed by Clinton County Engineer Jeff Leake. It’s resides, gently rolling, and has three bridges. The westernmost bridge is the Boy Scout service project of Brice Lytle Creek Greenway Trail Judy Gano Community Trail 4 C Bicentennial Trail 1.3 miles

While scooter users regularly use this trail, wheelchair and scooter users are advised to use caution and discuss conditions with the City Parks Director (382-4781) due to the grade in a couple of places on the trail.

David Williams Park). Parking is available at both trailheads on city property. The eastern trailhead is on Fife Avenue next to the Clinton Neighborhood Park with entrances/exits from Marlena Dr. and Paris Ave.  The western trailhead is on Elm Street just north of the Perry-Clinton Middle School. It connects to the Clinton County Engineer’s office, 1326 Fife Ave. (across the street from the high school). A westward extension is planned to extend to the easternmost bridge as part of the OSIP II project. A new bridge will be built in honor of the State's Bicentennial (2003), it was laid out by trail advocate Lori Williams and designed by Clinton County Engineer Jeff Leake. It’s resides, gently rolling, and has three bridges. The westernmost bridge is the Boy Scout service project of Brice
